

ROSE GLOW BARBERRY

Berberis thunbergii 'Rose Glow'

Height: 3-5' **Spread:** 2-4'

Location: Zone 4, sun for best color

Shape: Compact, vase to rounded

Foliage: Mottled rose red, bright red in fall

Notes: Graceful branching makes a wonderful hedge, barrier planting or single accent. Deep rose-red glow over mottled white and green foliage in spring. Bright red berries in fall and winter.

ROYAL BURGUNDY BARBERRY

Berberis thunbergii 'Gentry Cultivar'

Height: 2' **Spread:** 3'

Location: Zone 4, sun, moist, well-drained soil

Shape: Mounded

Foliage: Deep burgundy

Notes: Rich velvety burgundy color foliage makes opportunities for contrast. Best in full sun and won't fade in summer heat. Darkens to even richer hues in fall. Bright red berries are attractive winter feature on bare plants. Tidy compact form with spreading habit is versatile for filling out planting areas in groups or masses.
